FOR IMMEDIATE RELEASE

JAMES McLAUGHLIN NAMED TO FORBES' LIST OF BEST-IN-STATE WEALTH ADVISORS

Princeton, NJ – James McLaughlin, a Senior Vice President, Investments, of Princeton Wealth Advisors located at 902 Carnegie Center, Suite 320, Princeton NJ, 08540 was among the Raymond James-affiliated advisors named to the Forbes list of Best-In-State Wealth Advisors. The list, which recognizes advisors from national, regional and independent firms, was released online January, 16, 2020.

The Forbes ranking of Best-In-State Wealth Advisors, developed by SHOOK Research, is based on an algorithm of qualitative criteria, mostly gained through telephone and in-person due diligence interviews, and quantitative data. Those advisors that are considered have a minimum of seven years' experience, and the algorithm weights factors like revenue trends, assets under management, compliance records, industry experience and those that encompass best practices in their practices and approach to working with clients. Portfolio performance is not a criteria due to varying client objectives and lack of audited data. Neither Forbes nor SHOOK receives a fee in exchange for rankings. This ranking is not indicative of advisor's future performance, is not an endorsement, and may not be representative of individual clients' experience. Neither Raymond James nor any of its Financial Advisors or RIA firms pay a fee in exchange for this award/rating.

McLaughlin, who joined Raymond James in 2007, has more than 36 years of experience in the financial services industry. Source: [Forbes.com](#) (January, 2020). Forbes Best-in-State Wealth Advisors ranking was developed by SHOOK Research and is based on in-person and telephone due diligence meetings to evaluate each advisor qualitatively, a major component of a ranking algorithm that includes: client retention, industry experience, review of compliance records, firm nominations; and quantitative criteria, including: assets under management and revenue generated for their firms. Investment performance is not a criterion because client objectives and risk tolerances vary, and advisors rarely have audited performance reports. Rankings are based on the opinions of SHOOK Research, LLC and not indicative of future performance or representative of any one client's experience.

Neither Forbes nor SHOOK Research receive compensation in exchange for placement on the ranking. For more information: www.SHOOKresearch.com.
