RAYMOND JAMES FINANCIAL REPORTS MAY 2024 OPERATING DATA

ST. PETERSBURG, Fla. - Raymond James Financial, Inc. (NYSE: RJF) today reported selected operating data for May 2024, in an effort to provide timely information to investors about monthly developments in certain key performance metrics. Due to the limited nature of this data, a consistent correlation to earnings should not be assumed.

“Advisor retention and recruiting across our multiple affiliation options, combined with market appreciation, drove client assets under administration higher 18% over the prior year and 3% over the preceding month,” said Chair and CEO Paul Reilly. “Clients’ domestic cash sweep and Enhanced Savings Program balances were nearly flat compared to the preceding month. The investment banking pipeline is healthy; however, the timing of closings remains difficult to predict.”
