#### YOUR FINANCIAL INVENTORY

#### **STEP 1** Determine your retirement living expenses.

What do you project your living expenses will be in retirement? Give a general estimate of your essential expenses (needs) and nonessential expenses (wants) and circle whether the estimate is annual or monthly. If you need a detailed budget worksheet, we can provide one for you.

| Needs:            | Wants:            |
|-------------------|-------------------|
| Annual or Monthly | Annual or Monthly |
| \$                | \$                |

#### STEP 2 Determine other retirement goals, and determine if they are a need or a want.

What major expenditures are you planning on in retirement?

| Expenditure  | Need or Want?<br>(Circle one) |      |  |    | When? | Projected Amount |
|--------------|-------------------------------|------|--|----|-------|------------------|

Do you have plans to support or save to benefit others in retirement?
