*Barron's Top 100 Financial Advisors, 2019. Barron's is a registered trademark of Dow Jones & Company, L.P. All rights reserved. The rankings are based on data provided by over 4,000 individual advisors and their firms and include qualitative and quantitative criteria. Data points that relate to quality of practice include professionals with a minimum of seven years of financial services experience, acceptable compliance records (no criminal U4 issues), client retention reports, charitable and philanthropic work, quality of practice, designations held, offering services beyond investments offered including estates and trusts, and more. Financial advisors are quantitatively rated based on varying types of revenues produced and assets under management by the financial professional, with weightings associated for each. Investment performance is not an explicit component because not all advisors have audited results and because performance figures often are influenced more by clients' risk tolerance than by an advisor's investment picking abilities. The ranking may not be representative of any one client's experience, is not an endorsement, and is not indicative of the advisor's future performance. Neither Raymond James nor any of its financial advisors pay a fee in exchange for this award/rating. Barron's is not affiliated with Raymond James.

***The Forbes Next-Gen Wealth Advisors rankings, developed by SHOOK Research, is based on an algorithm of qualitative criterion, mostly gained through telephone and in-person due diligence interviews, and quantitative data. Those advisors that are considered have a minimum of four years' experience, and the algorithm weighs factors like revenue trends, assets under management, compliance records, industry experience and those that encompass the highest standards of best practices. Portfolio performance is not a criterion due to varying client objectives and lack of audited data. Rankings are based on the opinions of SHOOK Research, LLC. Neither SHOOK nor Forbes receives compensation from the advisors or their firms in exchange for placement on a ranking. Raymond James is not affiliated with Forbes or Shook Research, LLC. This ranking is not indicative of an advisor's future performance, is not an endorsement and may not be representative of an individual client's experience. Out of 29,334 nominations received, 250 made the final list in 2019.
