THOMAS A. SEILER RANKED AMONG BARRON'S "TOP 1200 FINANCIAL ADVISORS BY STATE"

Newtown, PA – Thomas A. Seiler, Managing Director with Raymond James & Associates, member New York Stock Exchange/SIPC, was recently named to the *Barron's* list of the "Top 1200 Financial Advisors by State." The prestigious 2018 list was published March 5 and draws from all 50 states, plus the District of Columbia. It is the largest, most comprehensive annual advisor list circulated by *Barron's*.

"It is an absolute honor to be considered among the top financial advisors in my state," Seiler said. "To be included among such an elite group is humbling."

This marks the 5th consecutive year that Tom has been selected for the *Barron's* "Top 1200 Financial Advisors by State" list while at Raymond James & Associates.

Barron's, a weekly financial newspaper published by Dow Jones & Co., produced the listing of distinguished advisors after weighing criteria such as assets under management, revenue produced for the firm, regulatory record, quality of practice and philanthropic work, and the overall quality of the advisor's practice.*

Mr. Seiler, who manages more than $800 million in client assets, offers his clients portfolio design, implementation and monitoring analysis to achieve greater returns with reduced risk creating replacement cash flow. The Seiler Group works with Professional Athletes, Corporate Executives and Entrepreneurs that are leaders of their respective industries. They welcome the opportunity to provide a private confidential briefing for your consideration.

The rankings are based on data provided by over 4,000 individual advisors and their firms and include qualitative and quantitative criteria. Data points that relate to quality of practice include professionals with a minimum of 7 years financial services experience, acceptable compliance records (no criminal U4 issues), client retention reports, charitable and philanthropic work, quality of practice, designations held, offering services beyond investments offered including estates and trusts, and more. Financial Advisors are quantitatively rated based on varying types of revenues produced and assets under management by the financial professional, with weightings associated for each. Investment performance is not an explicit component because not all advisors have audited results and because performance figures often are influenced more by clients' risk tolerance than by an advisor's investment picking abilities. The ranking may not be representative of any one client's experience, is not an endorsement, and is not indicative of advisor's future performance.
