

Ice Cream Sandwich Cake

24 Ice Cream Sandwiches

1 Jar Caramel Sundae Topping

1 16-oz Container Whipped Topping

1 Bag Candy Bars, chopped

*Best with Kit-Kats or Reeses – a candy bar with caramel tends to get quite hard

- **1** Layer 12 ice cream sandwiches in a 9x13 pan (you will need to trim them to make them all fit).
- **2** Top with $\frac{1}{2}$ of the whipped topping.
- **3** Drizzle a heavy layer of caramel topping evenly over whipped topping.
- **4** Next top with $\frac{1}{2}$ of the chopped candy bar.
- **5** Repeat the next layer.
- **6** Freeze for several hours or overnight.
